

A Life of Danger

Read through these questions. Make sure that you understand the **Bold words**

- ~ Have you ever been close to a dangerous **wild animal**?
- ~ Have you ever had a bad **electric shock**?
- ~ Have you ever eaten something **poisonous**?
- ~ Have you ever used a dangerous **piece of machinery**?
- ~ Have you ever driven faster than **the speed limit**?
- ~ Have you ever been **involved in** a traffic accident?
- ~ Have you ever **broken the law**?
- ~ Who is the biggest **risk-taker** that you know?
- ~ What's the most **risky** thing you have ever done?

Now ask other class members some of these questions. Remember to ask more questions using "why, where, when, how much, how many, who, which....etc."

Warning! If you touch this you will die!

Can you match the things on the left with the warnings on the right?

- | | |
|----------------|-------------------------------------------------|
| 1. Poison | If you hold it wrongly you will cut yourself. |
| 2. Tobacco | If you touch it, it will bite you. |
| 3. A tree | If you go too fast the police will catch you. |
| 4. The sea | If you have too much you will get sick. |
| 5. Sharp knife | If you open the back you will get a shock. |
| 6. Car | If you consume a lot you'll feel sick tomorrow. |
| 7. Bicycle | If you are careless you will fall. |
| 8. Alcohol | If you drink it you will die. |
| 9. Dog | If you go there in bad weather you will drown. |
| 10. Television | If you don't have lights a car will hit you. |

Now use the same pattern to write new warnings about different things.

Now read some of your warnings.

Can other class members guess what the "dangerous things" are?
